

Product Data Sheet

Terrace Grill - vertically adjustable TR-H

Vertically adjustable Terrace Grill, for the installation within terrace surfaces.

Technical Data

Terrace Grill TR-H 40 x 40

Walkable, vertically adjustable grill made of galvanized steel, plastic coated, slotted gravel retainer. Grill height to be adjusted with a screwdriver from the top insitu, without removing the grid cover. The measurements of the Terrace Grill match the common slab size 400 x 400 mm.

Grill: Galvanized steel, mesh width ca. 33 x 12 mm
 Gravel retainer: Plastic coated galvanized steel with lateral slots, old silver-antique in colour, slot width ca. 3.5 mm, outer dimension ca. 400 x 400 mm, aperture dimension ca. 340 x 340 mm

Height:	Adjustment range:	Type:	Order No.:
ca. 65 mm	ca. 65–95 mm	TR-H 40 x 40 – 65	4404
ca. 95 mm	ca. 95–125 mm	TR-H 40 x 40 – 95	4409

Extension Piece

With the extension piece, the height of the grills can – additional to the adjustment range – be increased by steps of 60 mm each.

Terrace Grill TR-H 20 x 40

as above, except outer dimension ca. 200 x 400 mm, aperture dimension ca. 140 x 340 mm, height ca. 65 mm, adjustment range ca. 65–95 mm

Terrace Grill TR-H 50 x 50

as above, except outer dimension ca. 500 x 500 mm, aperture dimension ca. 440 x 440 mm, height ca. 65 mm, adjustment range ca. 65–95 mm

Terrace Grill TR-H 40 x 40 – Stainless Steel

made of premium stainless steel with oblong holes (ca. 39 x 8 mm) according to the appearance of the BTR channel, outer dimension ca. 400 x 400 mm, aperture dimension ca. 340 x 340 mm, height ca. 65 mm, adjustment range ca. 65–95 mm

For Order No. 4402 and 4405 custom made extension pieces are available upon request.
